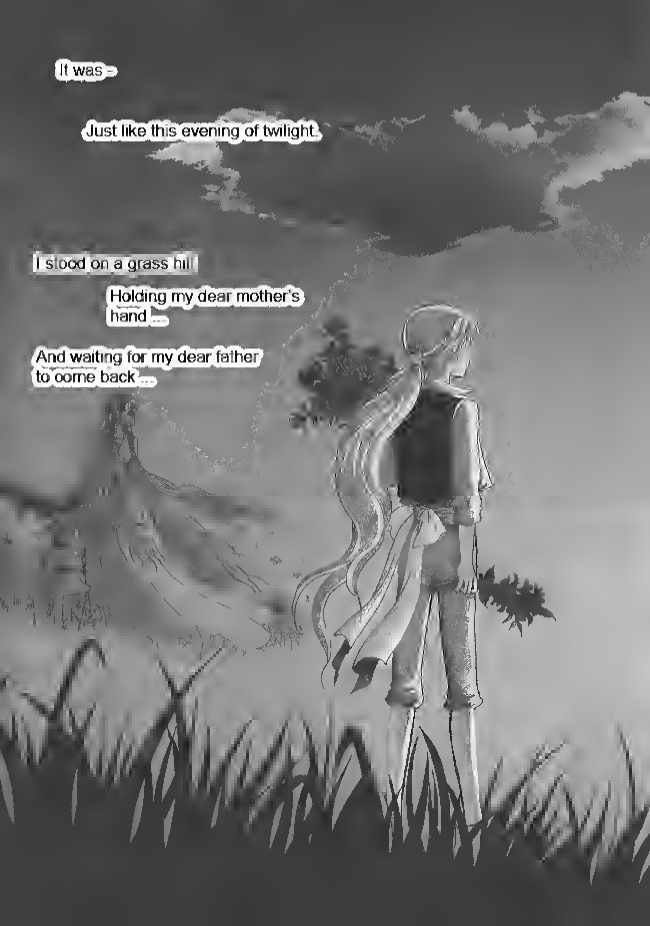
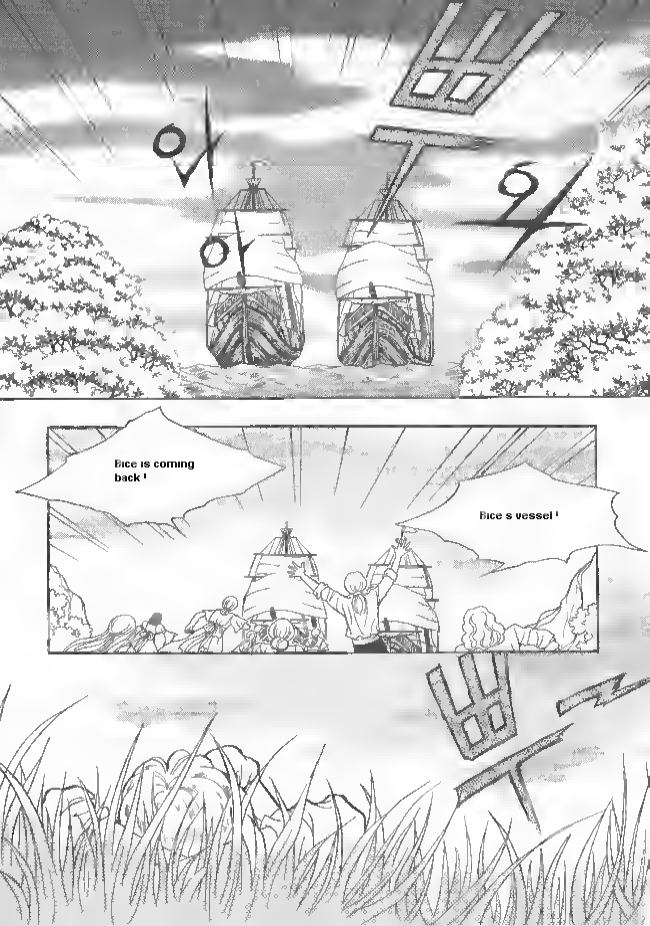
Sky being drenched
By shining twilight
Such a scenery like this
Brings back my memories
Of a hill I used to enjoy



It was...
Just like this evening of twilight.
I stood on a grass hill
Holding my dear mother's hand...
And waiting for my dear father to come back...



Bice is coming back !
Bice s vessel !

Pry
Where are you, Pry
Alice is here.
P
I know that already.
I can see it from here

What were you doing here anyway ?
I was going to go anyway.
Wait Rice doesn't like when she sees us on front
I am going down
Don't you be late.
Pry
Wait for me
Hey !
Hey, dude, that s mean
This is what I get for coming here and telling you the news?

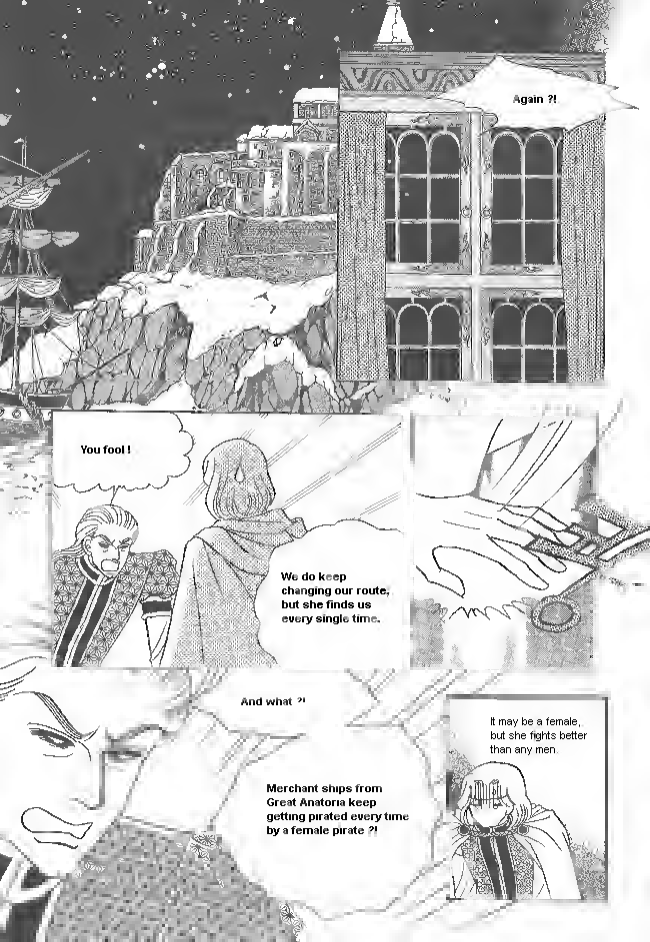
와
Bice
와아아
Bice
와

Hey, kids
How have you been doing ?
Bice !
How did it go this time ?
Awesome.
Congratulations for returning back safely.
Anything happened while I was gone ?
Nothing at all, boss.

A big party tonight !
Enjoy yourselves !
Bravo, Bice !
We have some casualties this time.
Divide available men into two groups. One is to carry the wounded, and the other one is to carry loot.
Yes boss

Bice
Pry,
Where is Sei ?
.....
Sei hasn't been seen since two days ago.

Ah— yes.
He goes away for few days once every year—
Come to think of it, now is the mysterious time—
So you really don't know where he went to ?
Hmm so I guess he should be back by tomorrow.
I scored a pretty big one this time, and I was disappointed to see no Sei in the welcoming crowd...
If you cheer me up harder I will forgive him
와
와



Again ?!
You fool !
We do keep changing our route, but she finds us every single time.
And what ?!
Merchant ships from Great Anatoria keep getting pirated every time by a female pirate ?!
It may be a female, but she fights better than any men.

So what ?!
It s still a woman !
You useless fool !

We need more security on ships.
Are you implying that two hundred fully-trained mercenaries isn't enough ?
And don't you know that there are countless merchant ships coming in and out everyday ? There is no way to protect every single vessel

God how am I supposed to report this to the king ?
Damn it !
It is already hard enough for us to send mercenaries here and there everywhere !

Sire!
Is he in bed?
Um...
He's
Is someone else in there?
Yes
Ah...
Oh...I see...
But this is rather urgent...
I need him to hear this news before anyone else...

— Black haired again ?
— was what he said
— This is getting out of hand —
Besides I heard that—
They are from Ramira
... What ... did you just say ?
I just found out today.
It is still uncertain whether it was the majesty's order but few children with black hair from Ramira came through

Looks like she really did score big this time There are much more food than usual
What are you doing?
Saving some for Sei
Hell, just eat
It s not like Sei loves to eat
I didn't eat everything so that you can eat
You are as full as you can get
I am going now
Have fun eating
Hey, hey,
It you don't eat with me who am I going to eat with ?
Am I a pig that just enjoys eating?
You know well

Are you leaving already ?
I'd like to rest early tonight. Don't disturb me.

... Sei ?
I did not mean to disturb you.
Sei !
I thought you'd return tomorrow.
The whole island is loud.
Congratulations on another safe return, Bice.
Anyway, I was detected. It looks like I am getting too old for this.

I didn't detect you by movements.
It was just a mere hunch.
Hmm, do you mean I am the first one who spotted you while you were hiding ?
Se
Se ?
Sei !

No ?
I have been waiting for your return, Alice.
I need to leave the island I d like to borrow a ship from you
—alone ?
No with the children this time
Sel
I will be back

I made a promise with Pry that I will take her to Ramira on her 12nd birthday.
I want her to have her birthday in Ramira.
I think another war will occur
So..I advice you to leave the children here
They say the king ot Skador is dead
There might be bloody conflicts between princes
I received this news on my way back
Not to mention that the exiled crown prince Yapa will not just be sitting this time

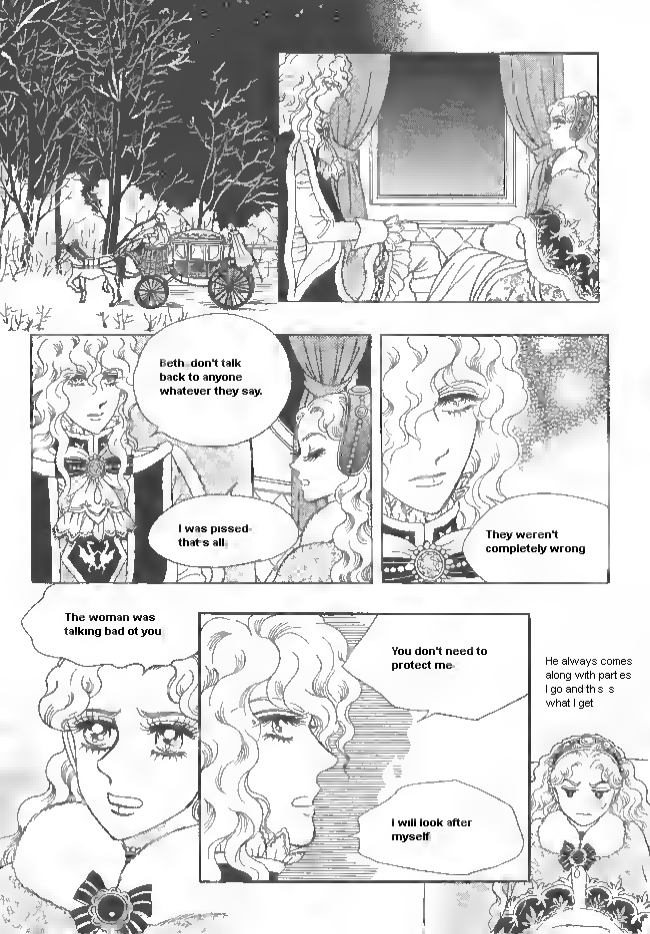
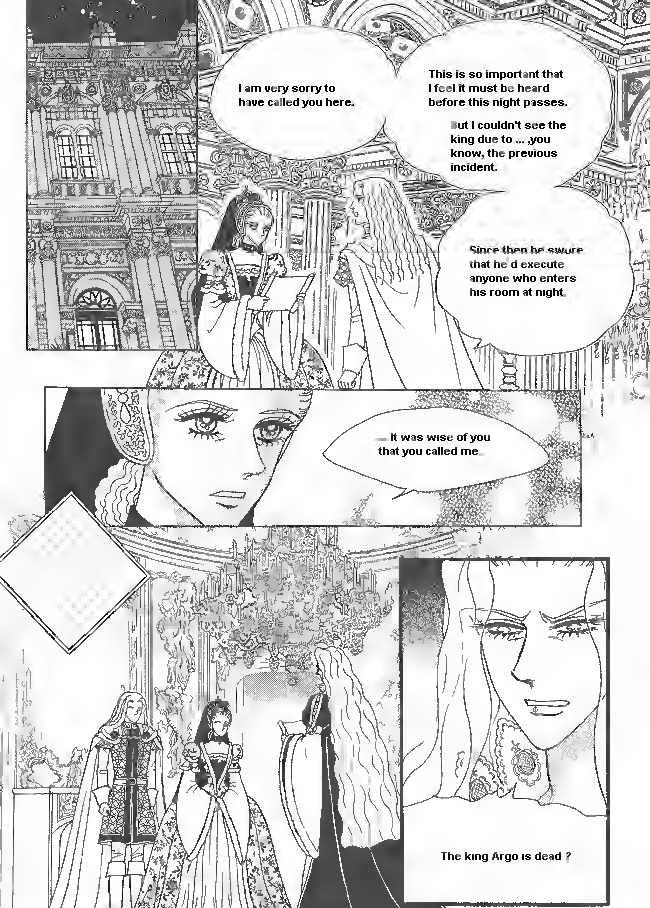
She dances very well
I wonder
what is stopping
her from going to
parties
Now you mention it
have you seen lord
Sibel dance last year ?
How could I forget ?
I can see it clearly in
my head still

Look, laidies are starting to talk.
Well, I can't deny that he does look good.
Only if I were 10 years younger ....
Like that would make you look any better
He s a beauty.
I personally think lady Haiga is overshadowed by his presence
Well..., whatever. He may look good, but he has got nothing. It's not like he is able to marry anyone powerful
And who would dare to propose a marriage to a puppet ?
Shhhh
For now, because of lady Haiga, no one talks about this out loud though ....
If Princess Terika becomes the queen....
www.manhwa.com

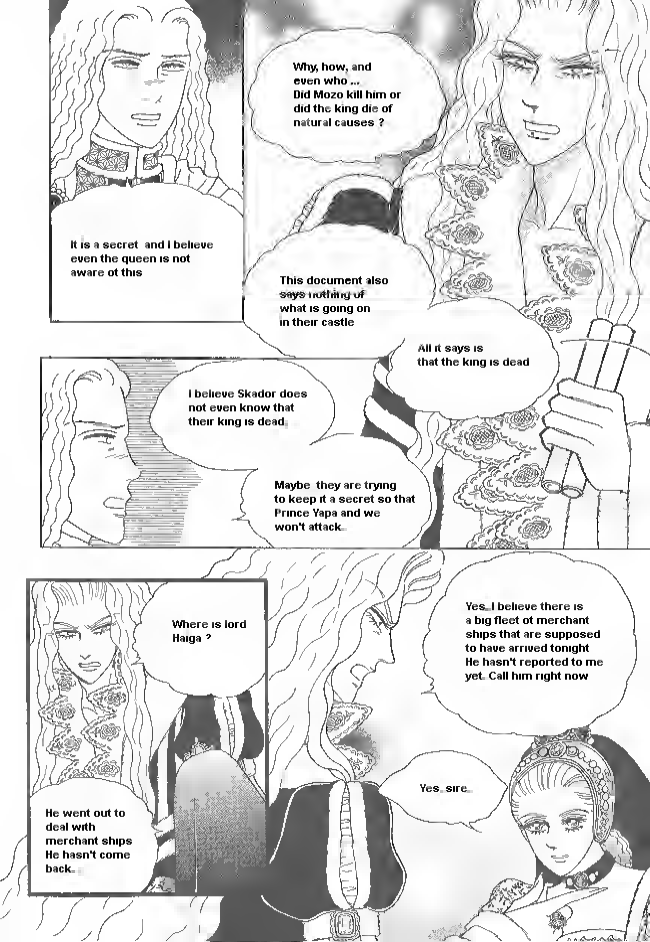
Well ~
I wonder that, too.
No, why don't you speak up ?
I am sure many of us here would love to hear what you have to say.
Oh, lady Beatrice are you leaving now ?
The party will go on for the whole night ~
Oh, yes, you are too young to be allowed to stay up
Even I am still young.
I wonder how long you have to wait until Princess Terika grows up
If you really think ~
Beatrice ,
I am very sorry to disturb your sweet conversation with this lady, but we should leave now
I am sorry, madam, I am sure another chance to talk will come another day.



Beth, don't talk back to anyone whatever they say.
I was pissed that's all.
They weren't completely wrong
The woman was talking bad ot you
You don't need to protect me
I will look after myself
He always comes along with parties I go and this is what I get



I am very sorry to have called you here.
This is so important that I feel it must be heard before this night passes.
But I couldn't see the king due to ... you know, the previous incident.
Since then he swore that he'd execute anyone who enters his room at night.
... It was wise of you that you called me.
The king Argo is dead ?



Why, how, and even who ... Did Mozo kill him or did the king die of natural causes ?
It is a secret and I believe even the queen is not aware of this
This document also says nothing of what is going on in their castle
All it says is that the king is dead
I believe Skador does not even know that their king is dead.
Maybe they are trying to keep it a secret so that Prince Yapa and we won't attack.
Where is lord Haiga ?
He went out to deal with merchant ships He hasn't come back.
Yes, I believe there is a big fleet of merchant ships that are supposed to have arrived tonight He hasn't reported to me yet. Call him right now
Yes, sire.

Ah ..., ah ...
I will finish this tomorrow ... please?
You are to finish this before Sei comes back, meaning you have to finish this by tonight.
I can't read well It s too dark in here
My vision will go bad if I keep up.
You should have finished it during day light then
I will be practicing swordsmanship outside Don't you dare to sleep.
I may hit you with th s sword.

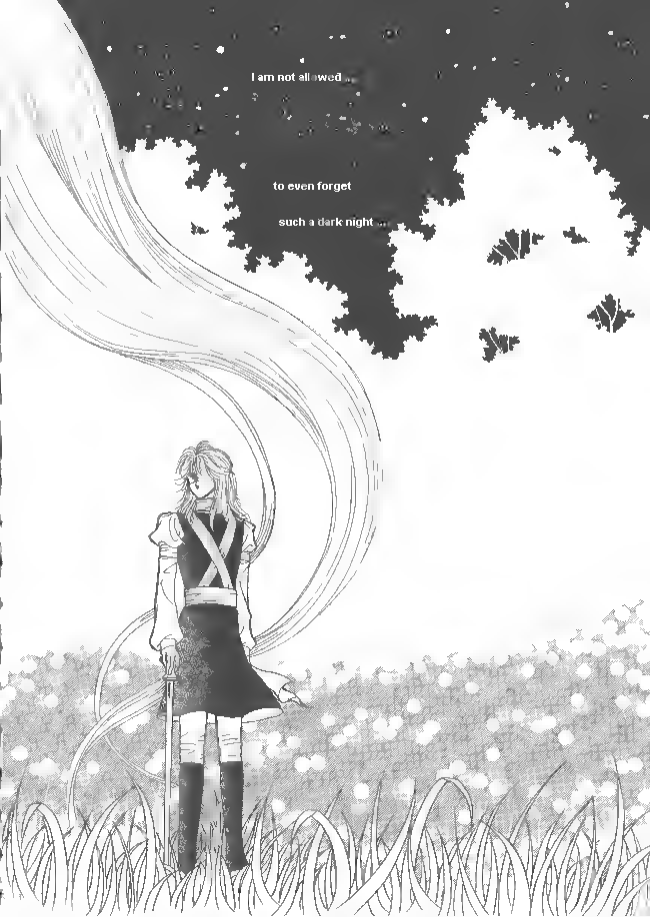
Gee dude just because you are better with a sword than me...
I can beat you even with just fists
Strength is not everything you know
I am letting you win. It's not like I am weak...
I am doing.
What a dude. Who did she get that from... Worse than Sei.
There isn't a moon tonight...

This is really
a dark night....

I told you not to let your guard down!
Sei—
You might have died—
If it was a real throwing knife—

Always
Those who want you dead
will appear silently
And
They are
Everywhere
You must not forget Pry.
I must
Protect you no matter what

Don't forget
Don't forget
There are so many things
I must not forget
I cannot forget anything at all



I am not allowed ...
to even forget
such a dark night ...

You are ...
a very precious child ...
Pry ...

—that
You must not forget —
We are going to Ramira

Jyud, Sei is back.
Hmm studying hard ?

What was that ?!

No..it wasn't earthquake..but lots of thundering for you soon
You took Pry out to play again
하·하·하!!
You are... home earlier than I expected... Boy, am I glad to see you...
Thank you for welcoming my return with tears.

I will be outside
I am so dead
Why do you hate studying so much?
(not that I love studying...)
Se... please let me do what I like
My prediction never works
Fine..I will let do you what you like to do Actions that don't use a brain..yet?
Sword swinging x 1000

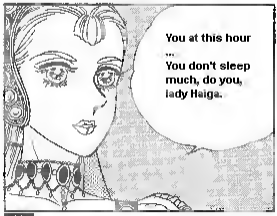
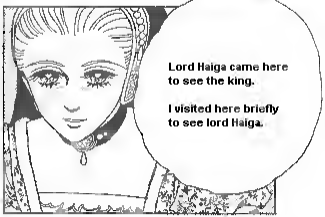
No..you go to bed right now. We will be busy, starting tomorrow.
에!?

Like lighting !
Like lighting !
always it s like lighting !
A mere pirate can act like lighting !
And the great Anatorian navy forces cannot ?
What the hell happened to the navy that were set out to hunt down the pirate ?
That s— This time she appeared on a completely unexpected spot
Generally, it s been safe once merchants ships entered the border but this time they were waiting in Anatorian sea

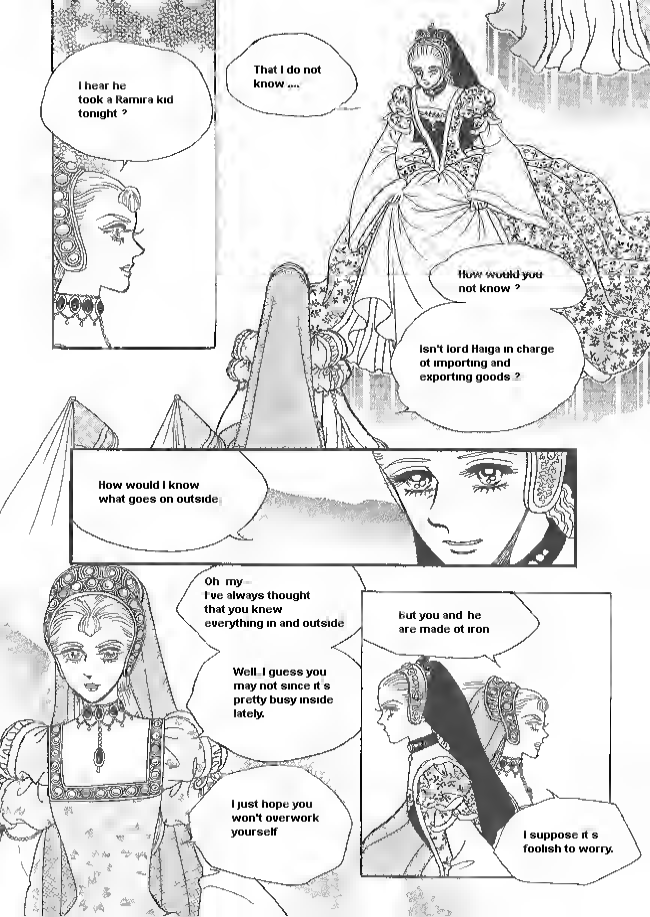
Sire, I am very sorry to disturn you, but we must react to the death of king Argo.
Please calm down and we should discuss our move.
And the navy was not aware that a pirate fleet crossed the border ?
The king of Skador s dead ?
But, if this information is false like the last time ....
The info was sent by Baran himself so it is true this time
We must send an army to Yapa s location
And the queen must not find out about this



You at this hour ...
You don't sleep much, do you, lady Haiga.



Lord Haiga came here to see the king.
I visited here briefly to see lord Haiga.



I hear he took a Ramira kid tonight ?
That I do not know ....
How would you not know ?
Isn't lord Haiga in charge ot importing and exporting goods ?
How would I know what goes on outside
Oh my— I've always thought that you knew everything in and outside
Well, I guess you may not since it's pretty busy inside lately.
I just hope you won't overwork yourself
but you and he are made ot iron
I suppose it's foolish to worry.

Is Sibel back ?
Yes, he has returned just now
Mother
I returned late, so I did not greet you
Is something wrong ?
The rumor that the king took a Ramira child in his bed tonight
Did you ?
www.janimes.com

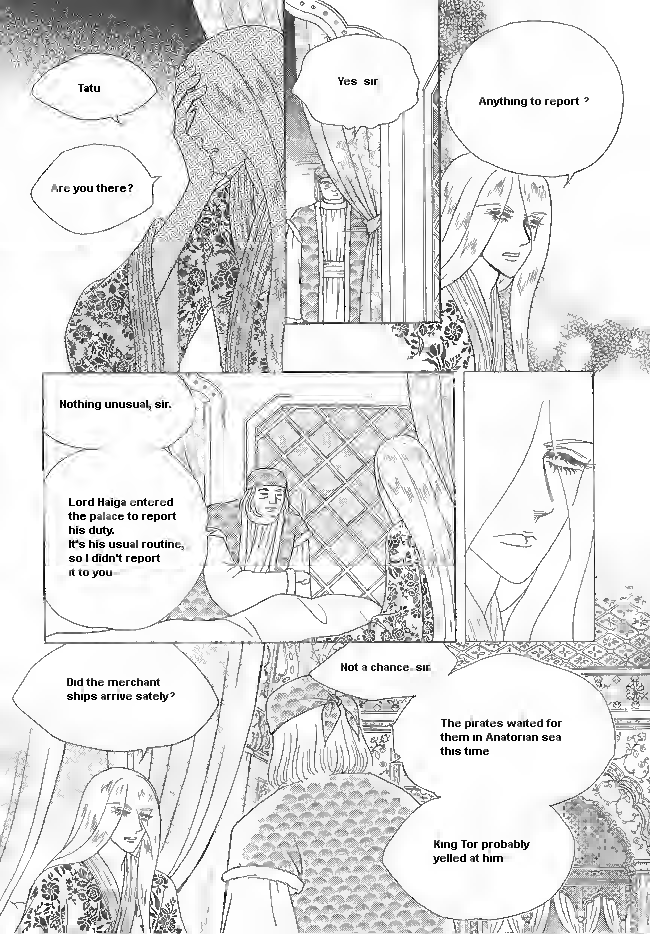
Sibel !
Yes, I did.
Why did you ?
Please pretend that you know nothing about this.
It queen finds out that it was you ....
Didn't I tell you that there is no need to make the queen an enemy ?
The queen spreads words so bluntly that the next leader ot Anatoria is a queen
Not only that she even hired people in Skador and Kamra to spread such words
She goes even further in her words that the queen will unite the three countries
It is so obvious that it is her doing

Who would believe such words ?
Who knows. She's been doing it for years now.
If people keep hearing that ... perhaps one day they will start to believe
And they may end up wishing for such a queen to come ...
However the queen has now lost one of her wings.
The king of Skador is dead

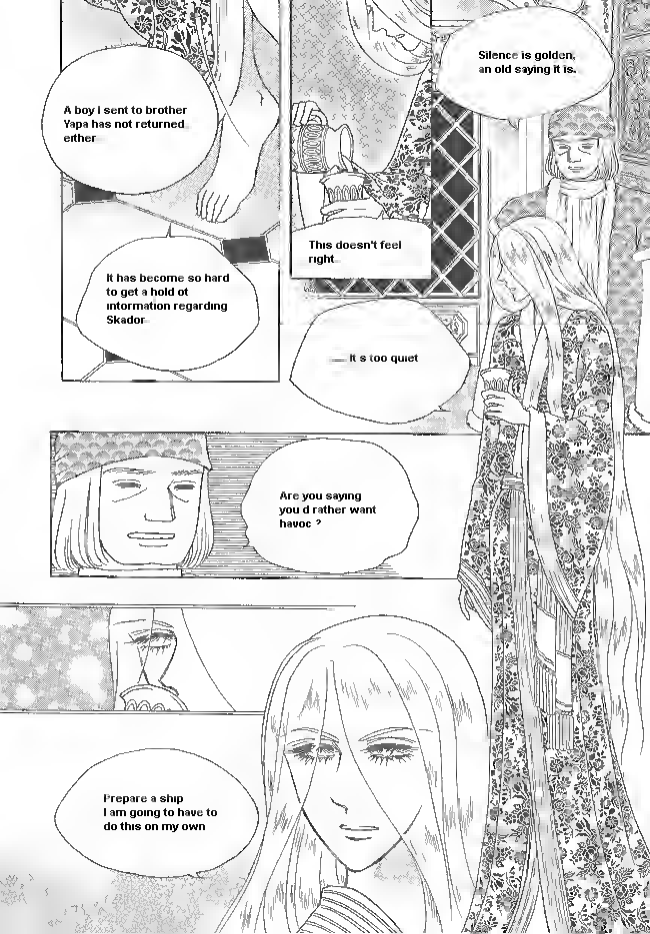
But !
Don't let your guard down yet..
Mozu and Yopina.... they both are the kind ot people who d shake their hands with anyone as long as there is a benefit
Either way, I believe conflicts cannot be avoided.
You should stay low for a while.
..... I understand.
The king wants to send an army betore the queen finds out--but I fear Prince Shilrai might find out He s been digging for intormation around the palace
Are you saying neither the queen or Prince Shilrai knows that the king of Skador is dead ?

Prince Shilrai.
Lady Haisha ?
Princess ?!

Watch out !!!
Princess ! !
What s the meaning of this dream ?



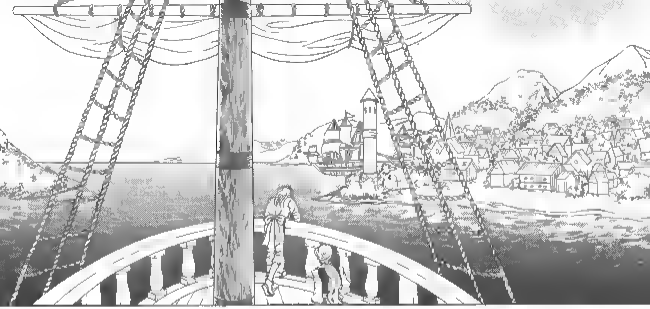
Tatu
Are you there?
Yes sir
Anything to report ?
Nothing unusual, sir.
Lord Haiga entered the palace to report his duty.
It's his usual routine, so I didn't report it to you
Did the merchant ships arrive safely?
Not a chance, sir
The pirates waited for them in Anatorian sea this time
King Tor probably yelled at him



A boy I sent to brother Yapa has not returned either
It has become so hard to get a hold ot information regarding Skador
Silence is golden, an old saying it is.
This doesn't feel right
It s too quiet
Are you saying you d rather want havoc ?
I'prepare a ship I am going to have to do this on my own

Have a safe trip
Yes..Rice
Juyd, protect Pry.
I will have to protect him rather.
Whatever!
This ship will go to isle Kire only.
A ship will be there waiting for your return on the promised day.

And here is money.
I have enough on me.
Don't worry. This is from the loot anyway.
Now, now.
Let s make farewell short since we will see each other soon.
Now go aboard.
Raise the sail !
I hope I won't be able to return



There is no way I will see her as a mother figure in my eyes...

But she has indeed been kind to us for past 5 years...

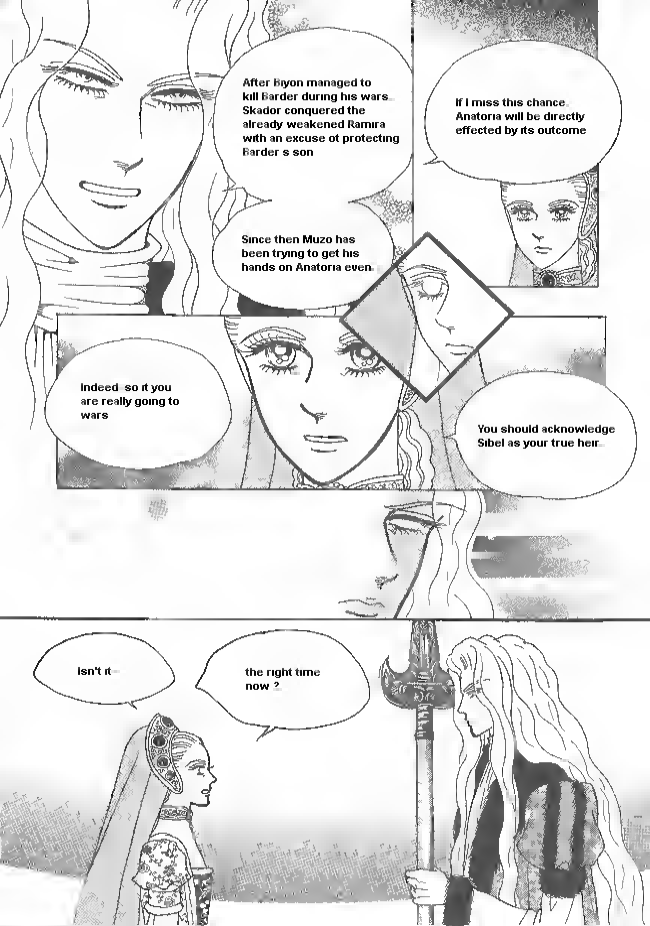
She saved us and accepted us...

I may miss her and this island...

www.jaimes.com

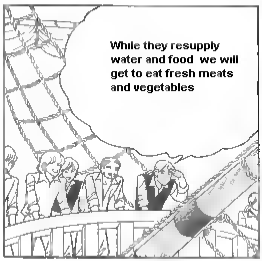
Will they return ?
Well He did say so
To me it looks like he s leaving for good though
You found him wounded by God knows how many swords and you saved him
I
will wait for those who said they'd return
Even including Dian ?
This island is Dian s anyway. He will return

Don't tell me that you are actually going to deliver the mercenaries to Yapa by yourself ?
If Prince Yapa loses again like he did last time during the conflicts of princes sending mercenaries won't be enough
And you will even risk full frontal conflicts?
I didn't expect Karta to join the war last time
Anyway, I cannot let Muzo become the king

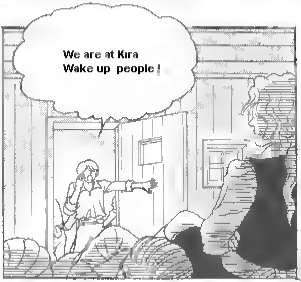


After Bayon managed to kill Barder during his wars. Skador conquered the already weakened Ramra with an excuse of protecting Barder s son
If I miss this chance. Anatoria will be directly effected by its outcome
Since then Muzo has been trying to get his hands on Anatoria even.
Indeed so it you are really going to wars
You should acknowledge Sibel as your true heir.
Isn't it
the right time now ?

Isle Kire !



While they resupply water and food we will get to eat fresh meats and vegetables



We are at Kira
Wake up people !

Hith..

We've finally arrived at Kire, Dian.

프린세스 Princess

Yes, we are finally here
Damn ... it has taken a long time...
Isle Kire ...
It has always been a city of trade but it has changed a lot
It s located between the three countries and it is the center of trades
It looks well developed..
And that also means there are a lot of spies here Be careful
Shall we go ?
Yes

Hey, why are there so many pretty women here ?
Painting smelly stuff on their faces makes them pretty ?
You are just jealous
Jealous ? Get your eyes checked
I guess your quality speaks for itself

Hey, I am going to look around here.
I am not a kid. I don't get lost
Ser told us to wait here so that we won't get lost.
Hey !
Juyd !
Wait !
He s like lightng when it comes to this kind ot stuff.
He always d sappears when he s about to be asked to do chores
He must be after those women
He s worse than h s uncle
Which way did he go to ?
He s so dead when I find him.

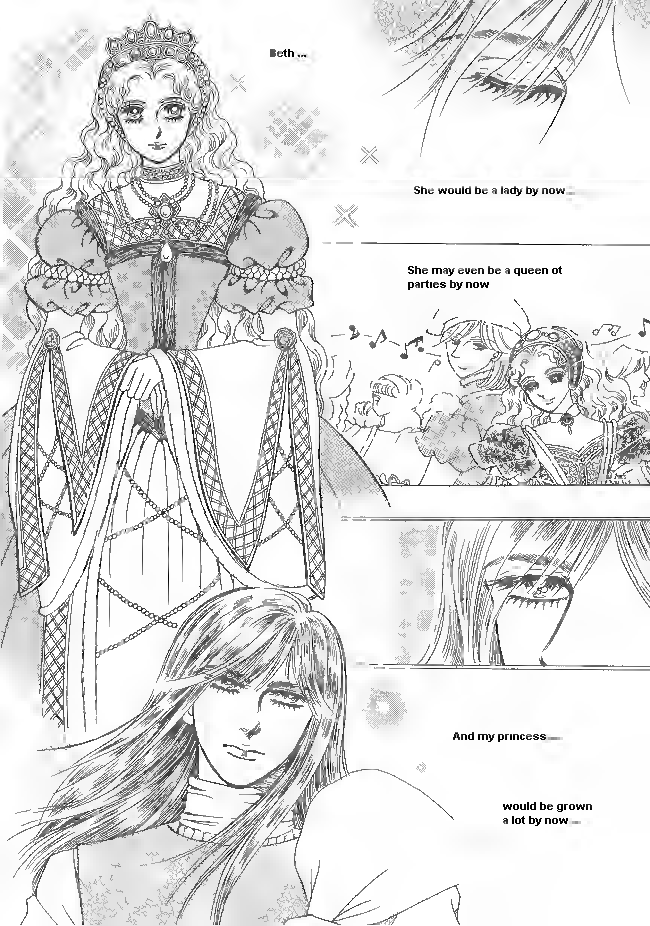
Eeeeek....
I ... I am so sorry.
Are you alright ?
Get your bone checked
since a stone ran into you.
" If you remember,
B! also called her head "a stone"

He is... so tall...
My bones are made of steel so you should get your stone checked

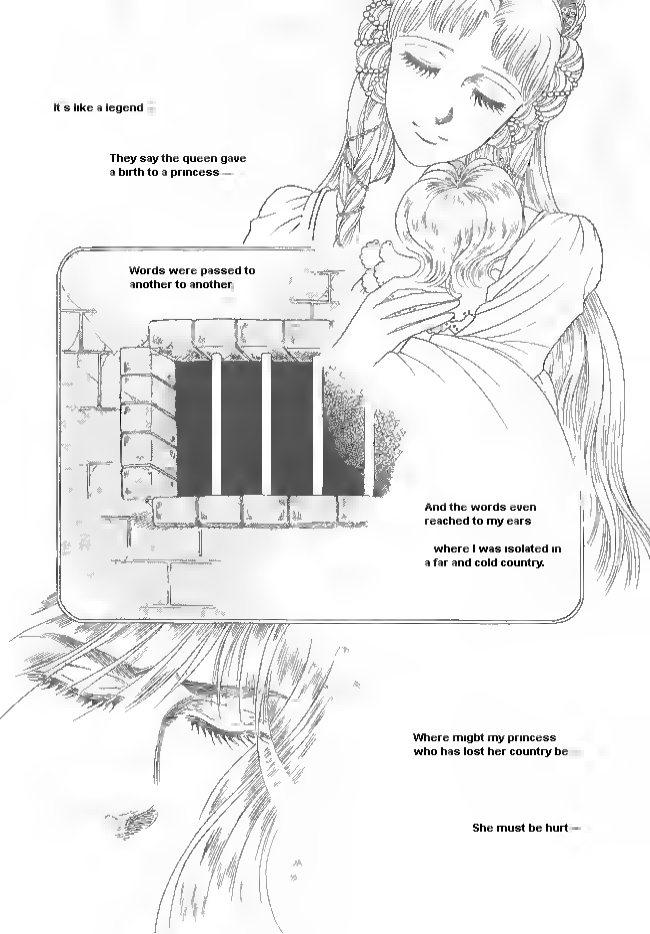
Ah. this is no ordinary stone don't worry.
하 하
I am fine as well little lady.
Well, that's good then.
Though I'd like to point out that I am no longer "little". I turn 12 year old soon.
Ah.
My apologies
Please forgive me for my rudeness m lady.

You don't have to be so polite
Now excuse me I need to find someone
Oops sorry
Ah sorry

Twelve ....
Areah should be around her size by now
The pertect age to start appearing in political parties
So she s become a lady by now



Beth ...
She would be a lady by now ...
She may even be a queen of parties by now
And my princess ...
would be grown a lot by now ...



It's like a legend
They say the queen gave a birth to a princess
Words were passed to another to another
And the words even reached to my ears
where I was isolated in a far and cold country.
Where might my princess who has lost her country be
She must be hurt

And the princess's knight is right here ...
Hith.
Dian.
Did you find ?

Where there was a port I used to go a market has replaced it...and the port is closed
...It s been 8 years I guess a lot have changed
But, if someone named Bice is alive, she'd send a ship here once every month, you said.
Let's search again. If we miss this chance, we can wait for another.
You waited 8 years This is nothing
Yes...8 years for me and 5 years for you
Airight let s search again It will be found
In that hellhole...

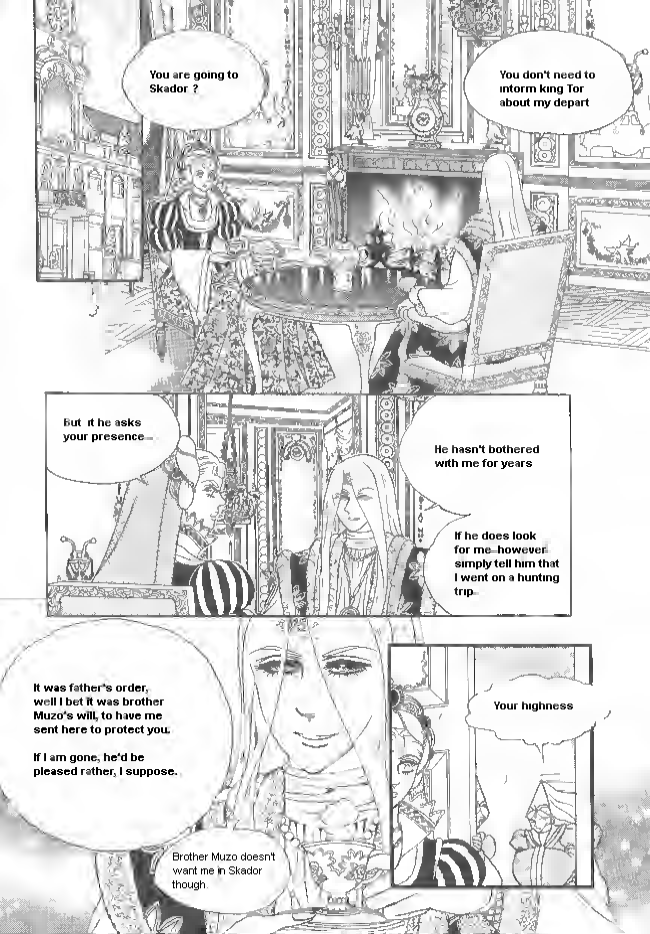
It will be here among these ships ...
We've come this far
We are nof giving up just yet
Did you find out about Ramira ?
As expected it can't get any worse it seems
Skador has been literally ransacking every wealth out of the country ever since it has taken over. They now also are controlling the new young king
They are asking even more than what Anatoria was asking Ramira is as poor as it could possibly get..and people die of starvation everyday.

And about king Eiyon ?
It seems he may have perished in the battle 5 years ago
Some claim to have seen him alive after the battle
Some do say so
But now..I think people are waiting for the lost princess of Ramira
But people are trying to keep awfully quiet about their hopes

By the way, what were you staring at a moment ago ?
Ah, a kid bumped into me —
Was your money stolen ?
Apparently not
Be extra careful. There are so many merchants here that this place is full of thieves as well
Even if they are children don't let your guard down

That was—really— really
a bright smile—
The smile had freed me
from everything for a
very short moment—

The smile... I think... I have seen it before...
I feel that it's been a really long time since...?
A long time ago...?
I think... I've seen that smile in dreams...
Hith ?
What is wrong ?
Can't be... Sir... our princess wouldn't be running around in an open market like this would she ?
She must be similar age as the princess huh
You tend to daze off whenever you encounter kids of her age



You are going to Skador ?
You don't need to inform king Tor about my depart
But if he asks your presence...
He hasn't bothered with me for years
If he does look for me...however simply tell him that I went on a hunting trip.
It was father's order, well I bet it was brother Muzo's will, to have me sent here to protect you.
If I am gone, he'd be pleased rather, I suppose.
Your highness
Brother Muzo doesn't want me in Skador though.

What is it ?
I apologize to disturb you.
But the king has summoned a doctor for himself.
Is he hurt ?
It doesn't seem so.
He was fine few days ago ... This is sudden.
Well I guess I have been living with him for a long time since I do see him sick
Well considering how many women he sleeps with every night I guess it s no wonder that he does get sick

챙
Seriously, I am not good enough for you anymore
Why don't you practice with younger and more skilled generals
I do practice with younger generals
But I find that you have skills that I wish to learn from. Besides, I like to train with lots of generals
Or do you find me burden ?
Of course not sir
I am glad to see you everyday.

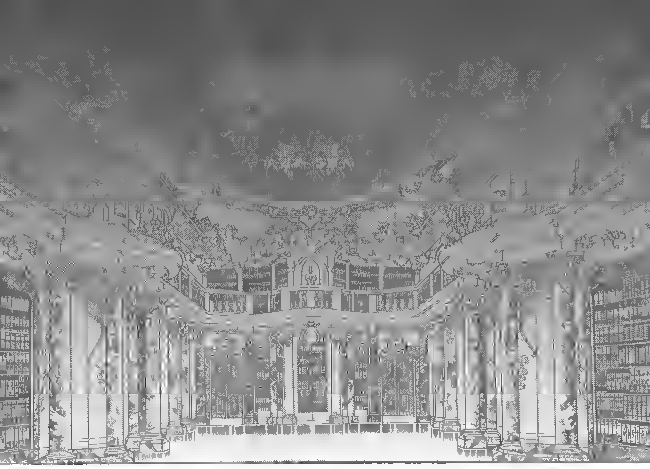
Should I visit you everyday then ?
In order not to make your days boring
하…하…
It s getting hot here
General
The king has called for an emergency meeting Everyone is required to attend including you as well
Do you know what is going on?
I do not know the full detail but I hear that the king is critically ill and
There may be an important announcement

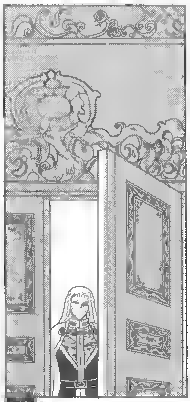
www.janimes.com

I found a ship going to Ramira It departs tomorrow morning
Why's it so noisy?
We will be onboard the ship late tonight.
I just want to repeat this. Say what I've told you when they ask for your identification. Do not let them know your true identity.

Mother !
You still !
You ve gotten much older now Why are you still
It was so sudden and ugrnt
What is so sudden and urgent ?
I knew she d din't know
I ran to here right after I heard it from the palace

The king called for an emergency meeting after claiming that he was critically ill
And then he declared that brother Sibel will be his stepson
And then when people started to talk, he claimed that he didn't feel too good to hear what they had to say and dismissed them all
The whole palace is in havoc right now
Mother, isn't that amazing ?
I was so
Eh ?
That s
That s it ?



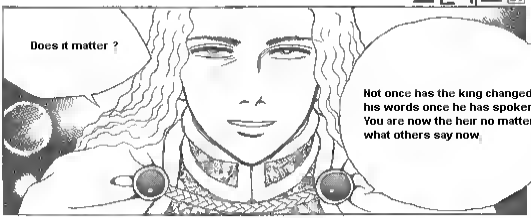


Sir ?

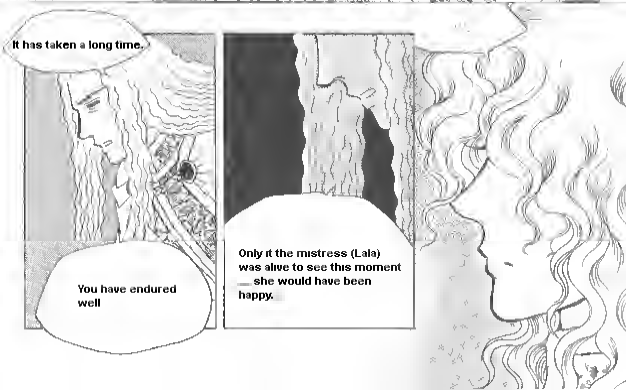
It s Ryou
Your servant said you d be here

What brings you here
I came to congratulate you.
Prince Sibel

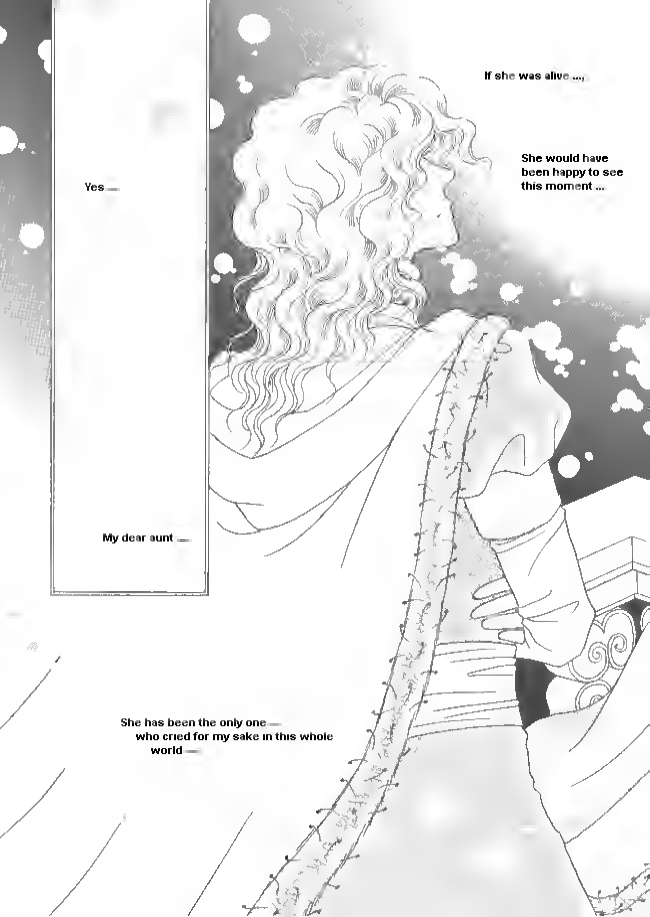
The king announced that he would adopt you and you are now his stepson
Step son ?
It's just for the formalities Everyone knows that you are his son
That is him alright
Making his true son a stepson
What did the others say
I am sure that many of them would be against that idea



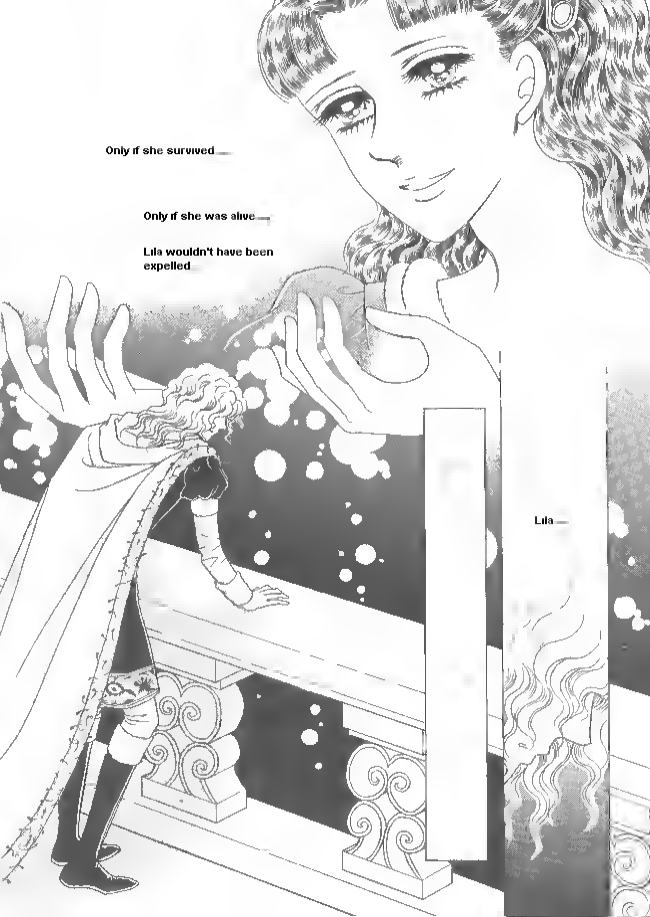
Does it matter ?
Not once has the king changed his words once he has spoken You are now the heir no matter what others say now.



It has taken a long time.
You have endured well
Only if the mistress (Lala) was alive to see this moment — she would have been happy.



If she was alive ....
She would have been happy to see this moment ...
Yes —
My dear aunt —
She has been the only one — who cried for my sake in this whole world —

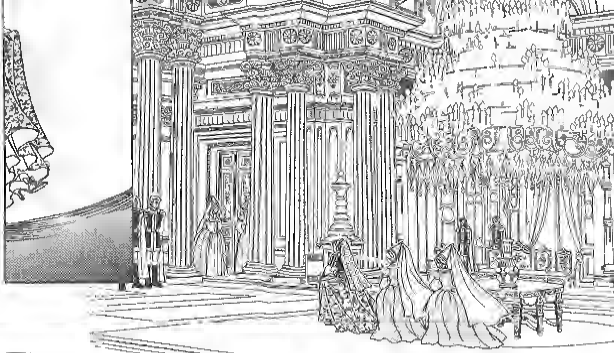


Only if she survived...
Only if she was alive...
Lila wouldn't have been expelled...
Lila...

Princess~
Princess!
탁 탁
Please get a hold ot yourself
We have to finish today's study, then you may sleep~
I am too sleepy.~
I wanna go bed!
You ve been slacking off a lot lately.
If the queen finds out about this~
No ~
I wanna sleep ~

Terrka !
Your highness !
You insist to sleep rather than study ?
That is not something the future queen of this country should say !
M mother...
Tutor !
Yes... your highness
What have you been doing ?
I've repeatedly told you to educate the future queen of Anatoria with everything you have.!
I...I apologize

You will be punished severely if this happens again. Do you understand ?
Yes, queen
Is this the last sesson for today ?
No, there is a history sesson after this.
What is this ? Did you play outside again today ?
...I am sorry, mother.
You are the future queen of this country, and you put study before play.
You are grounded for a month !
Lady Saru !
What is it now ?



I came to see the king
He ordered no one to enter

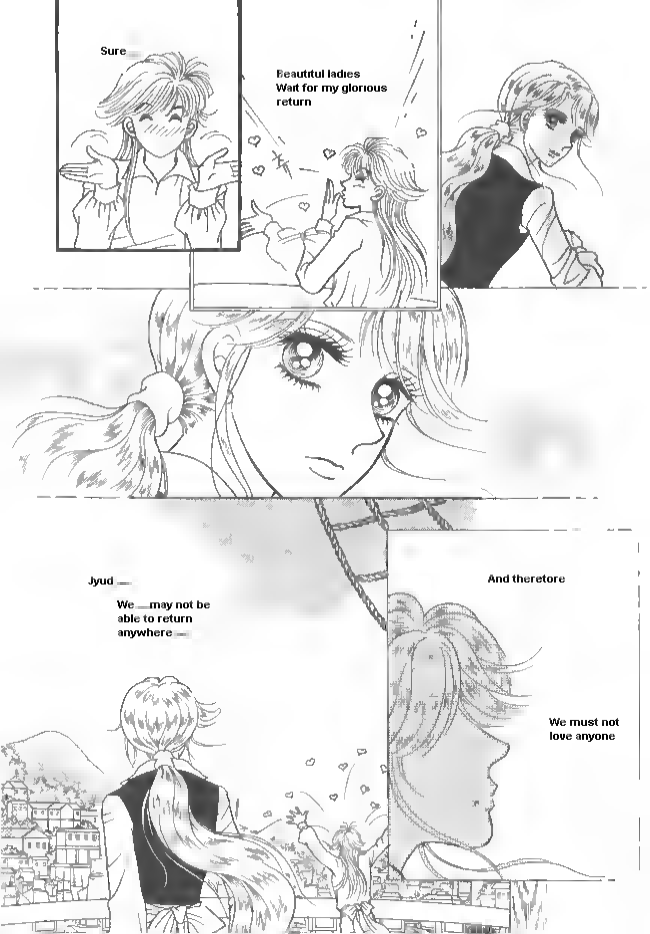
Open the doors!
Please calm down...
If you earn your majesty's anger again...
The worst will be only death!

She eventually collapsed after spending the whole night in front of his room
He wouldn't open the doors for that
She just didn't stand there. She screamed and yelled, demanding to kill the princess and herself if he's going to take a stepson
That's enough
You are dismissed
Yes, ma'am

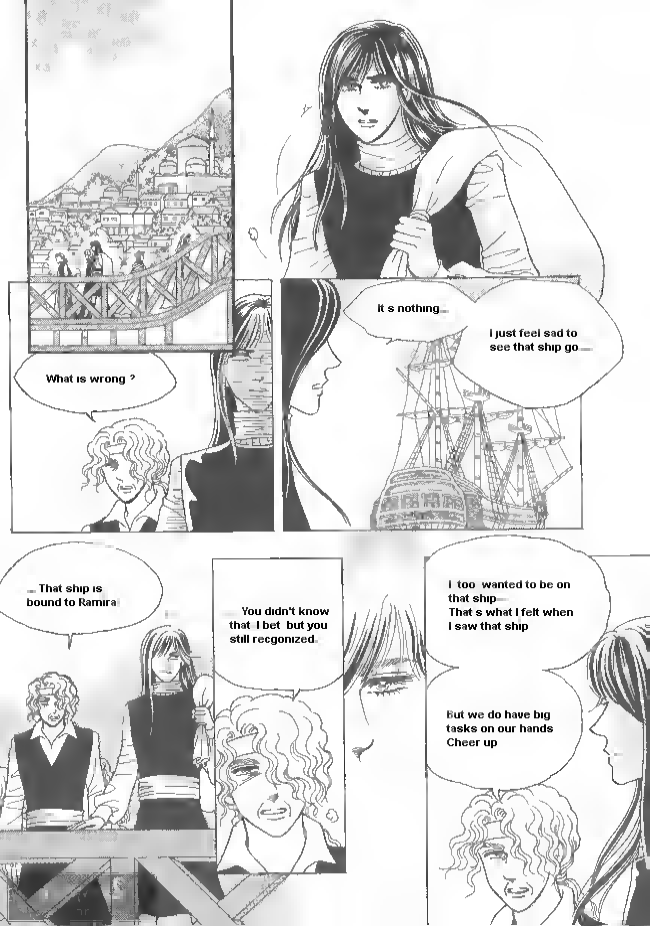
Your highness -
... You are here
I am glad that I heard the news before the ship departed.
How are you faring ?
Brother. I need you to gather men.
It seems the majesty did this with only his people.
I cannot let this go by.
He has a legitimate princess with an official queen and he took a stepson

I will not live to see that bastard child become the king
I will do anything in order to make Terika the ruler.
Wars...and even assassination
So quickly contact father.
We must annul his annocement
Tell father and brother Muzo to do whatever is required to annul the annoucement.
I understand. I will gather our people and soldiers right away.
As for you, you must regain strength. Without it you can not do anything.
Do not be concerned
I will not fall until Terika becomes the ruler.

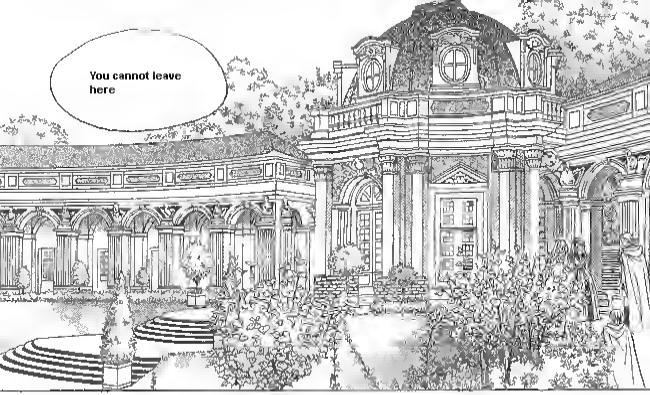
Are you said that you have to leave Kire isle too ?
I am so sad.
I cannot believe I have to leave all those beautiful ladies
It s not like the ladies will come to you even if you don't leave.
Hey, dude. know who you are talking to It I wanted I could make them stand a line right here.
I thought you wanted to marry me
A b g dream you have
Of course I do !
At last you are starting to see the quality in me !
Forget it
I am going inside Why don't you keep waving to those ladies who aren't even looking at you
덥석
탁



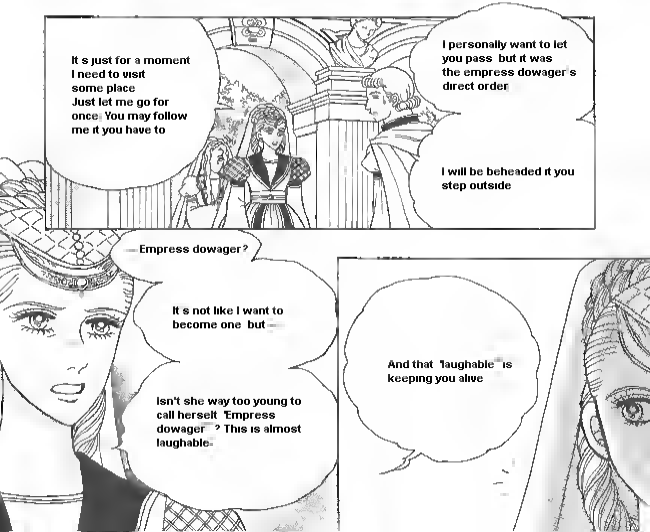
Sure...
Beautiful ladies
Wait for my glorious
return
Jyud...
We...may not be
able to return
anywhere...
And theretore
We must not
love anyone



What is wrong ?
It s nothing...
I just feel sad to see that ship go...
... That ship is bound to Ramira
You didn't know that I bet but you still recgonized.
I too wanted to be on that ship...
That s what I felt when I saw that ship
But we do have big tasks on our hands
Cheer up

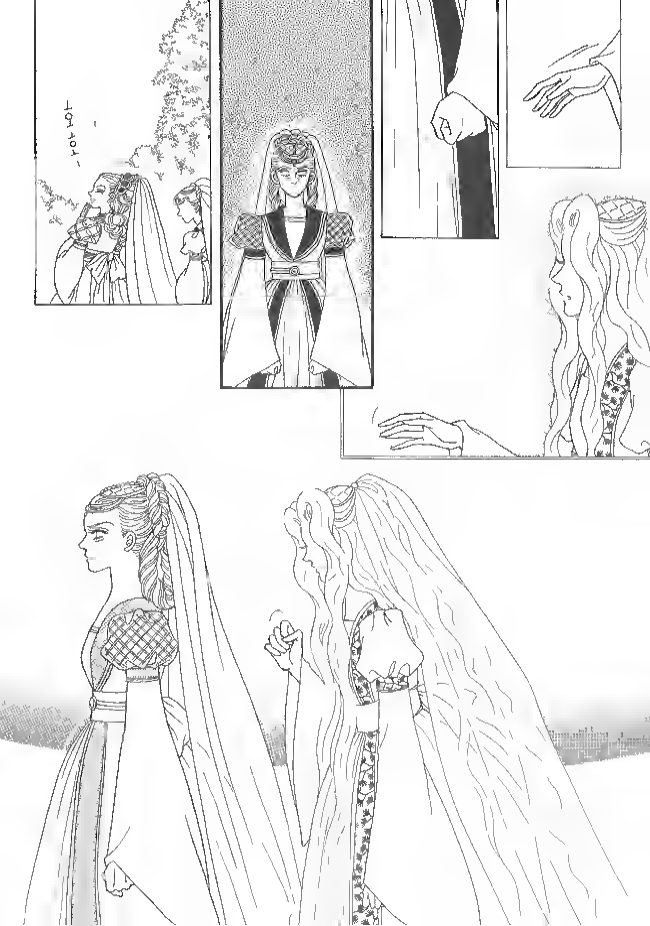


You cannot leave here



It s just for a moment I need to visit some place Just let me go for once You may follow me it you have to
I personally want to let you pass but it was the empress dowager s direct order
I will be beheaded it you step outside
Empress dowager?
It s not like I want to become one but
Isn't she way too young to call herself Empress dowager ? This is almost laughable
And that laughable is keeping you alive

I do not remember begging for life.
Shall I execute you now then ?
As you wish
Though I thought you have kept me alive to avoid the public eyes
Nope
Who cares about Ramira citizens anyway.
I am just being very, very, merciful that I am letting you leave here so that you won't be brutally killed by Biyon's men.
So..just be thankful and waste your life in this cage
Stop acting like you have something because you don't
Be even more thankful that I let you keep that mute bitch.
I guess she likes to be live caged. If I were her, I would have killed myself a long ago.



Nowhere to be found in the palace ?
In the morning_he went to visit the king_but the king refused to see anyone_He hasn't been seen since then
It he is not found in the palace_does that mean he is outside somewhere ?
It would appear so
Going outside alone at a time like this ?
The queen is gathering her armies and calling her people right now !
Find Sibel !
Don't let others know that he is not here
I understand

히힝

푸르르르
Sorry for putting you through so much work today.
We are almost there. Let's rest for a bit by that riverside.

He was tall in my imagination as well
At the same time, my memories became hazed more and more
I thought ... I wouldn't be able to recognize him if I meet him again

But ...
When I saw him
When he spoke
I don't recognize him.
I recgonized him instantly.

You are ...

Who are you ?

So deepy frozen that
I didn't know when it would melt again
I did make such a promise at that time

While I was living in frosty winter away from you

Not once have I smiled truly.

And not once have I been able to shed tears from my heart

Areah~
Areah~where are you ?
Lila
Where did they go ?
Old witch.
Lila !
I told you not to say such words !
But everyone calls her so
Then you should have stopped them calling her like that
No, I don't want to.

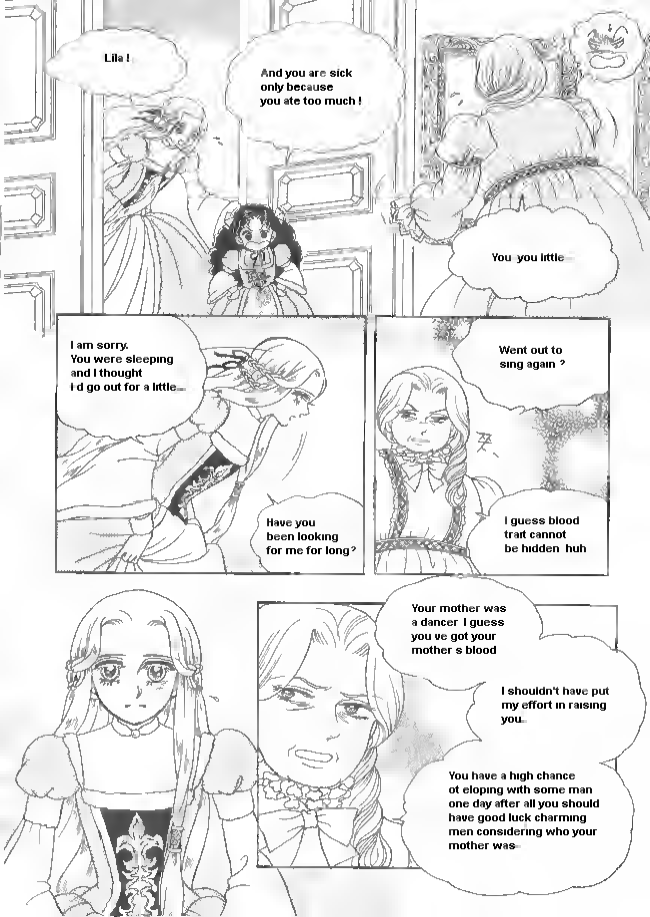
Anyway, you must not tell her that we met brother Sibel today. Do you understand ?
Sorry, I am just afraid that you might make a mistake. So, don't tell her that we met brother Sibel ...
Not again !
Argh, my life sucks !
My life sucks so much ! Why did I have to take them and raise them for tnohing !
I've suffered mentally and physically ...
You don't have to tell me so many times I am not a kid
Why did I look after those two bloody babies for I would not be rewarded
I am dying here and they don't even pay attention to me !
That s because you ve forbidden sis to sing here.



Lila !
And you are sick only because you ate too much !
You you little
I am sorry. You were sleeping and I thought I d go out for a little
Have you been looking for me for long?
Went out to sing again ?
I guess blood trait cannot be hidden huh
Your mother was a dancer I guess you ve got your mother s blood
I shouldn't have put my effort in raising you
You have a high chance ot eloping with some man one day after all you should have good luck charming men considering who your mother was

But no
They don't know what your root s
Old witch !
Say what ?!
Lila !
be
That little
Get her now !
Get her back here !
Argh !
I am not gonna l ve my l fe to its fullest at th s rate !
Lady Isabella !
That bloody k'd ate her monther when she was born now she s tryng to eat me !
Please !
Don't say such stuff to k ds !

Shut up

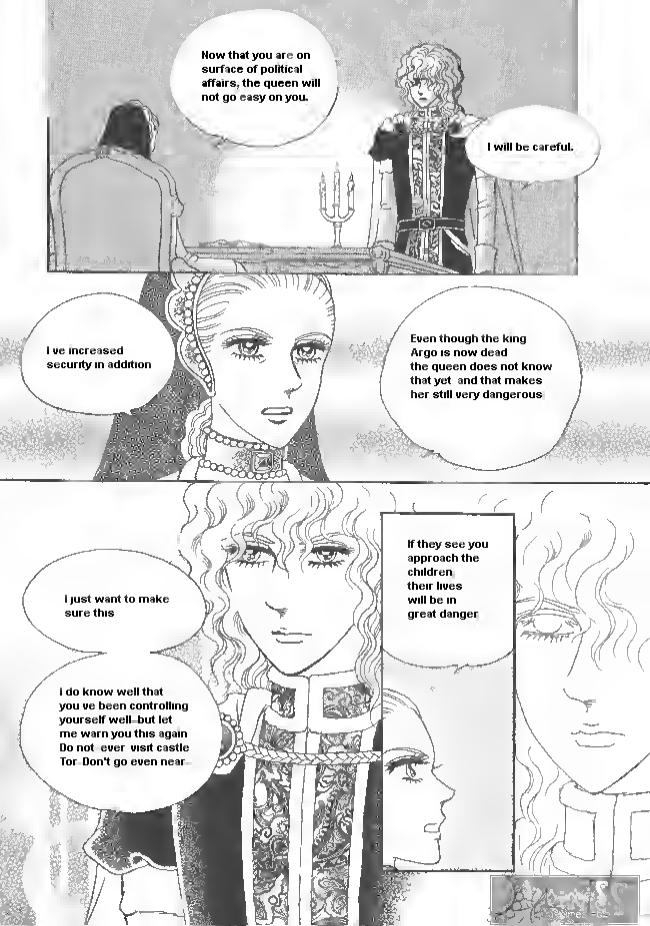
You aren't much d fferent

Both of you ate your mothers

And I ra sed them

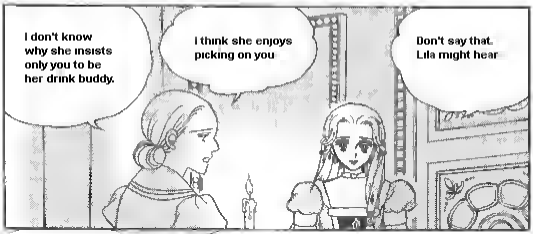
It s no wonder that
I w ll not be able to l ve
on for too long

Are you out of your mind ?
You have been absent for a whole day,
Especially when the queen is using Prince Shiraito gather armies
Yes I did see them
I understand that you are now capable of looking after yourself
However the battle is only starting



Now that you are on surface of political affairs, the queen will not go easy on you.
I will be careful.
I ve increased security in addition
Even though the king Argo is now dead the queen does not know that yet and that makes her still very dangerous
I just want to make sure this
If they see you approach the children their lives will be in great danger
I do know well that you ve been controlling yourself well--but let me warn you this again Do not ever visit castle Tor Don't go even near

She didn't let you go until this late
I feel for you
It s alright Good night, Neri



I don't know why she insists only you to be her drink buddy.
I think she enjoys picking on you
Don't say that. Lila might hear

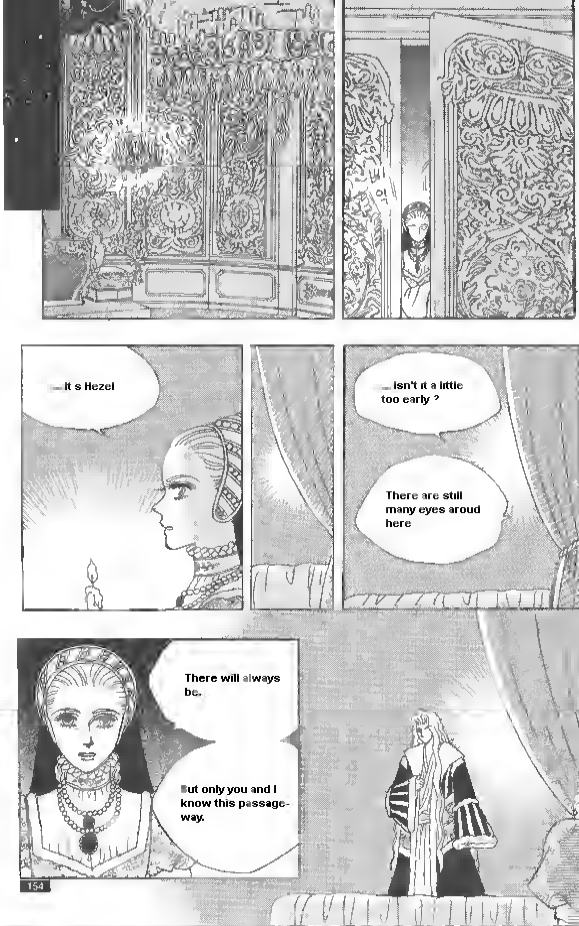
It s because you let her. You are being too easy.
Stop. Lila might really hear.
Sorry.

Lila
Did I wake you up?
No
What is wrong?
Do you want me to sing for you to sleep?
Well ?

Sis ,
Will brother Sibel really get us out of here ?
He did make a promise.
He will keep his words.
Just wait.... Wait until spring hits the royal palace
Is there very cold now ?
Yes..I heard
Very cold still...
I don't like here
The old witch always tells us that we ate our mothers every day.
And she tells us that our father abandoned us because he hated us
And no one will love us

That is not true
Lady Lala loved you so much.
How would you know? She passed away right after she gave birth to me. I was told
You were the result ot the king and lady Lala...
It wasn't for me though...
But...at least for you it s true...
Hith said so...too...that they both loved each other so much
You remember Hith don't you ?
The one who went on as a mercenary to save me ?

Yes Hith would never lie.
But he said he d return soon but he didn't come back.
He will come back
Brother Sibel came back though
Yes that s true...
I am going to trust brother Sibel s words only from now on.
I will too...



It s Hezel
Isn't it a little too early ?
There are still many eyes aroud here
There will always be.
But only you and I know this passage-way.

Hith ,
Dian I was looking for you.
So was I I've found out where they relocated the vessel
Where ?
It s a bit far from here.
There is a man who is looking for the same vessel as us
It was too far for me to confirm and meet you in time so I looked for you. What about you?

He was looking for the vessel in shadow
And he was also asking for a female pirate
It is not uncommon for someone to look for a female pirate in this day and age
It could be just a mere coincidence
He looked like he was from Ramira He was desperately looking for someone.
I was wondering if he was someone you knew
It not and if he will pose a danger to us and our goal he should be taken care of

Th s s so unfair My birthday s two months earlier than yours
Why did Sel say that I was a younger one ?

Are you stronger than me ?
No
Do you fight better than me?
Nope
Do you read better ?
Nay.
Think of the ordeal that Sei had to go through to finally decide to make you a younger brother
A cousin ?
They aren't going to believe that you are her older brother
You need to be at least one year older to make it work
A child who I simply picked up ?
What to do
You certainly don't look like an older brother
Yeah whatever Do you feel good that you look older?
You are just too immature that is all

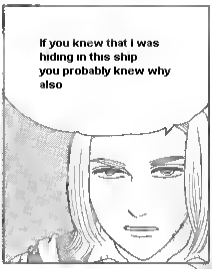
I wish...

Do you hear me Su...

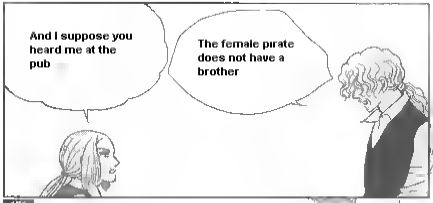
The boss would be delighted to see you
Eice hasn't changed has she
Not at all sir
Has she married ?
No sir
Where have you been all this time Dian ?

Let s catch a rat first and then we will talk..
Yes ?
We are in middle ot sea now.. He cannot run.
Hrh
Yes

Let me tell you this first
That kid managed to kill a lion with bare hands..
Now...you better tell me why you are looking for that female pirate



If you knew that I was hiding in this ship you probably knew why also



And I suppose you heard me at the pub
The female pirate does not have a brother

Good
To know that she does not have a brother
What ?
You were the one who were acting as her brother and searched for information
I am looking for someone
Rumors of the female pirate seems similar to one I am after
I see that you will not speak truth.
Just throw him into sea
I have no intention to waste my energy on someone who will not cooperate

I was prepared to die when I snuck onto this ship !
I am a noble from Ramira !
Please just let me see the female pirate once !
If she is not the one I am looking for you can kill me then !
What could I possibly do alone on an isle ot pirates ?

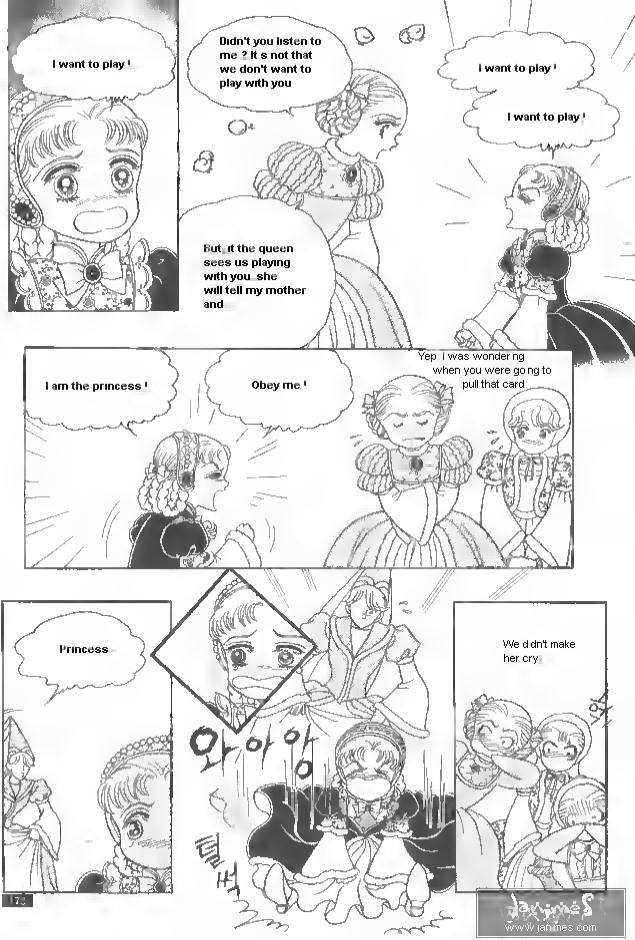
Princess
Princess
... Your highness !
Where did the princess go ?
S... she was in her room...
W.. when her private tutor entered... she... she wasn't there...
Useless imbeciles. You can't keep eyes on a kid ?
Don't tell me that she went out to see Clare again ?
I told her not to see her again repeatedly...

I did ... hear lady Clare and others playing outside ....
I asked lady Haiga to keep an eye on her little daughter....
Get out there and take her back !
Lady Saru !
What is it now ?
P... Prince Sibel is moving his room to the heir s palace
To the heir s palace ?!
He hasn't even taken a proper ceremony !

There you are.
Brother !
What...
What do you mean that you think father passed away ?
It came directly from my contact
His death has not been announced yet in Skadon, so I hesitated to tell you
That cannot be...
It he did really pass away, brother Muzo would have intormed you

Do you think
Brother Muzo
No...if he really did pass away, the king would know by now
But he is ill
I will go check again.
I've been checking port Ato regularly, but no suspicious movement
You must pretend to know nothing.

Go now
I heard that you are grounded
If the queen sees me with you I will be the one who will be yelled at
You can call your friends you know
But I want to play with you sis
It s not that I don't want to
But if we do play together, we will be scolded
That s true
We will be scolded as well
The queen is scary.



I want to play !
Didn't you listen to me ? It s not that we don't want to play with you
I want to play !
I want to play !
But if the queen sees us playing with you she will tell my mother and
I am the princess !
Obey me !
Yep I was wonder ng when you were go ng to pull that card

Brother

What are you looking at ?
Clare and Terika ?
Why is Terika crying? Did they fight again ?
They fight quite often suddenly while getting along well
I don't think I ve ever fought Areah though
I miss Areah.
She was really a good girl
Lila must have grown quite a lot too
She s the same age as Terika

Oh, yes, I will get scoled if I speak of them in front of you
You are almost done moving I see
So, I guess this is the last one I see you in this room ?
I am just changing my room
No...not really. You are now the prince.
I so want to see faces of the ladies who looked down at you
They said what...no powerful noble lady will want to marry you ?
I bet there will be a line of noble ladies in front of you soon
I want to see if they can speak the same stuff even now
